Born Digital . Born Agile

Paving a Foundation for a Performance Driven IT & Security GRC Program – International Healthcare Provider

BUSINESS REQUIREMENT

To provide access to confidential, private and critical data assessed for security posture

To access requirements from ISO-27001 to create a blueprint for a secure IT and ISO compliant infrastructure

To prioritize investments for setting and implementing a Governance and Information Assurance program for client's ambitious growth plans

OUR SOLUTIONS

Analyzed current policies, procedures, processes, identified applicable threats & vulnerabilities

Audited current controls against client policies, ISO-27001 and IT Act 2008; evaluated impact against business risks & current security controls

Derived current risk posture against IT Act 2008; prioritized investment areas & technology roadmap

Performed risk remediation across all units and reduced risk posture

BUSINESS IMPACT

Security baselines and remediation of technical vulnerabilities have reduced the attack surface

Improved risk and compliance posture

Clear road-map provided to set up a standard and process driven secure and compliant operations

Rolled out a phased mitigation program that is measurable
