

Network Upgrade and Migration for a Large Financial Organization Head Quartered in Europe

BUSINESS REQUIREMENT

Migration of Legacy Network and Security devices to Advanced Technology Platforms

Management and monitoring of customer's LAN that did not have Layer 2 Security and segmentation of Networks

Requirement of high backplane and switching fabric for new generation technologies

Enterprise Security risk handling

OUR SOLUTIONS

LAN redesigned and restructured to support high backplane and switching fabric

LAN segmentation and Layer2 security implemented with 3 layered implementations using advanced Cisco Switching platforms

Implemented SNMP, RMON, and Bandwidth management tools.

High speed LAN switching with various STP and CEF technologies

Port-level and perimeter level security, with Advanced Security Appliances and Content filtering implemented

BUSINESS IMPACT

Better Through-put and performance

Categorized traffic routing with visibility of Network Traffic and Statistics

Simplified monitoring and management

Slicing of Bandwidth for legitimate traffic

Availability and Redundancy built in

Content Filtering and Secured Enterprise Network

About Us

Happiest Minds has a sharp focus on enabling Digital Transformation for customers by delivering a Smart, Secure and Connected experience through disruptive technologies: mobility, big data analytics, security, cloud computing, social computing, M2M/IoT, unified communications, etc. Enterprises are embracing these technologies to implement Omni-channel strategies, manage structured & unstructured data and make real time decisions based on actionable insights, while ensuring security for data and infrastructure. Happiest Minds also offers high degree of skills, IPs and domain expertise across a set of focused areas that include IT Services, Product Engineering Services, Infrastructure Management, Security, Testing and Consulting. Headquartered in Bangalore, India, Happiest Minds has operations in the US, UK, Singapore and Australia. It secured a \$52.5 million Series-A funding led by Canaan Partners, Intel Capital and Ashok Soota.
