

# IPV6 Readiness and Compliance Assessment for an US Organization

## BUSINESS REQUIREMENT

IPV6 Capability Assessment on Network & Server Infrastructure

Identify and poll selected devices and collect appropriate data

Examine Cisco IOS-based routers and switches and Catalyst® operating system and report on their capability to support IPV6 features.

## OUR SOLUTIONS

Software versions recommended based on stability of the code and the features required by the network

Potential problems related to hardware identified and rectified

Configuration and topology changes suggested to provide performance enhancement and to avoid potential problems

## BUSINESS IMPACT

The IPV6 Capability Assessment provided a detailed view of the state of the network's IPV6 readiness by performing a through assessment of the network hardware devices and Software releases

Provides a precise look at your ability to provide IPV6 services on your network

Helps in attaining IPV6 compliance

Helps increase fault tolerance and reduce the possibility of downtime

Delivers observations and recommendations that can be used as guidelines for future design issues

### About Us

Happiest Minds has a sharp focus on enabling Digital Transformation for customers by delivering a Smart, Secure and Connected experience through disruptive technologies: mobility, big data analytics, security, cloud computing, social computing, M2M/IoT, unified communications, etc. Enterprises are embracing these technologies to implement Omni-channel strategies, manage structured & unstructured data and make real time decisions based on actionable insights, while ensuring security for data and infrastructure. Happiest Minds also offers high degree of skills, IPs and domain expertise across a set of focused areas that include IT Services, Product Engineering Services, Infrastructure Management, Security, Testing and Consulting.

Headquartered in Bangalore, India, Happiest Minds has operations in the US, UK, Singapore and Australia. It secured a \$52.5 million Series-A funding led by Canaan Partners, Intel Capital and Ashok Soota.
