

# Risk Assessment & Security Strategy Definition for a US Energy Enterprise

## BUSINESS REQUIREMENT

IP risk assessment, Gap analysis against CMMI & overall security maturity

Provide well defined security strategy & process, protection to information and intellectual property

Avoid risk of exposure due to increased connectivity, workforce mobility and dependency on global supply chains

Maintain information across network and control remote & mobile workers

## OUR SOLUTIONS

Implemented Data discovery and Data classification for IP data

Evaluated current security posture; defined security architecture for IP Data protection

Analyzed Preliminary Risk

Remediation plans for IP Data protection with 3 year solution roadmap definition for CMMI 4 achievement

## BUSINESS IMPACT

Documented visibility into enterprise's Data stores, Data owners, Data classification and IP Data categories

Well defined policies and Objective & Goal definition for CMMI 4 achievement

Improved Accountability for Data protection; Visibility into timelines and implementation costs

Increased awareness of information security policies and (IP) Data protection across business & IT sectors

### About Us

Happiest Minds has a sharp focus on enabling Digital Transformation for customers by delivering a Smart, Secure and Connected experience through disruptive technologies: mobility, big data analytics, security, cloud computing, social computing, M2M/IoT, unified communications, etc. Enterprises are embracing these technologies to implement Omni-channel strategies, manage structured & unstructured data and make real time decisions based on actionable insights, while ensuring security for data and infrastructure. Happiest Minds also offers high degree of skills, IPs and domain expertise across a set of focused areas that include IT Services, Product Engineering Services, Infrastructure Management, Security, Testing and Consulting. Headquartered in Bangalore, India, Happiest Minds has operations in the US, UK, Singapore and Australia. It secured a \$52.5 million Series-A funding led by Canaan Partners, Intel Capital and Ashok Soota.
