

The background of the slide features a close-up of a hand placing a red wooden block onto a Jenga tower. The tower is built with light-colored wooden blocks. Overlaid on the right side of the image is a complex network diagram consisting of numerous blue and yellow dots connected by thin lines, representing a digital or interconnected system.

GOVERNANCE, RISK
& COMPLIANCE
(GRC) AUTOMATION
POWERED BY ALYNE

ENTER THE ERA
OF ALYNED
THINKING

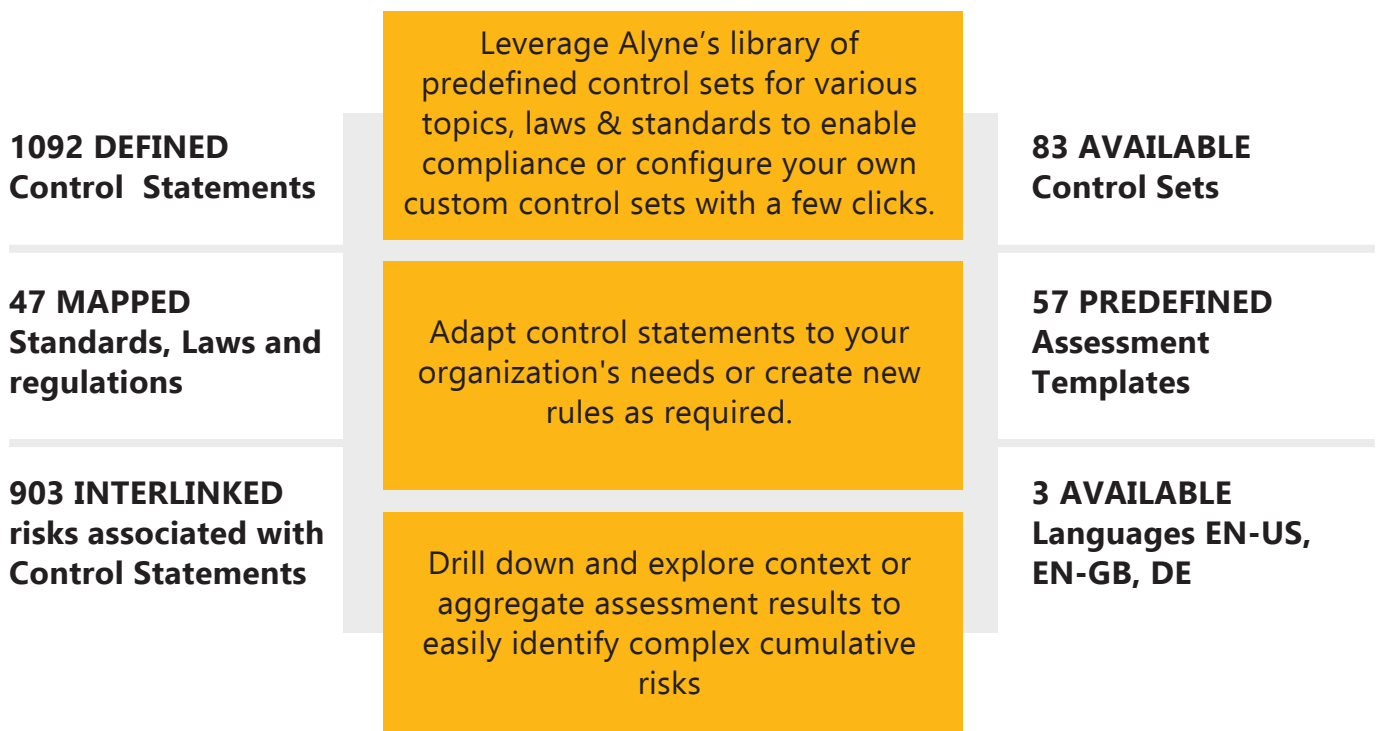

Alyne is a next-generation regTech, providing organisations with deep expertise and cutting edge technology to confidently navigate the increasingly complex world of **Cyber Security, Governance, Risk Management and Compliance**.

Designing and maintaining an **Information Security** Management System (ISMS) aligned with common standards for Information Security and Cyber Security management such as the ISO / IEC 27001:2013, the NIST Cyber Security or SOC2 Frameworks are common for almost all organisations in need of protecting their companies' and customers' information. Happiest Minds as a reselling partner of Alyne aims at regularly supporting our customers' journey with our Software as a Service (SaaS) packages. All services are articulated around the three overarching objectives as below:

VALUE PROPOSITION

Alyne's vast and unique LIBRARY offerings

ALYNE is known for their Risk and Compliance capabilities and has been recognized by GRC 20/20 research with a GRC Innovation Award for the best user experience in IT GRC Management

Happiest Minds has developed deep skills and expertise in ALYNE GRC and has a Certified and Experienced Team to assist. Our specialists would work closely with business and technical stakeholders in understanding and documenting their current security state, identify gaps and outline the business architecture and roadmap. Happiest Minds with Alyne acknowledges and remediates risk in multiple use cases and across various industries.

	VENDOR MANAGEMENT Setup effective and highly scalable vendor governance with a few clicks to ensure operational resilience.	REGULATORY IMPLEMENTATION / COMPLIANCE Easily implement a vast number of standards and regulations, including PSD2.	
	POLICY PORTAL Next generation policy portal with a structured and adaptable library of Control Statements.	RISK MANAGEMENT Manage your compliance and information technology risk management requirements.	
	DATA PRIVACY BASELINE Develop a baseline for data privacy and make current privacy risk exposure transparent.	CYBER SECURITY ASSESSMENTS Identify weaknesses in your cyber security and gain actionable insights for mitigation.	
	CYBER INSURANCE UNDERWRITING Monitor cyber risk during the underwriting process and throughout the contract duration.	OPERATIONAL RISK Manage your Operational Risk through Risk Control Self Assessments (RCSAs) and deep risk analytics.	
	BUSINESS CONTINUITY / OPERATIONAL RESILIENCE Modern Business Continuity Management (BCM) capability aligned with ISO 22301.	INFOSEC MANAGEMENT Develop and implement an Information Security Management System aligned with ISO 27001.	

WHY

"Happiest Minds Technologies Limited is proposing, subject to receipt of requisite approvals, market conditions and other considerations, an initial public offering of its equity shares (the "Equity Shares") and has filed a draft red herring prospectus (the "DRHP") dated June 10, 2020 with the Securities and Exchange Board of India ("SEBI"). The DRHP is available on the website of SEBI at www.sebi.gov.in and the websites of the Book Running Lead Managers at www.icicisecurities.com; and www.nomuraholdings.com/company/group/asia/india/index.html, respectively. Any potential investor should note that investment in Equity Shares involves a high degree of risk. For details, potential investors should refer to the DRHP, including the section titled "Risk Factors". Any decision to invest in the Equity Shares described in the DRHP may only be taken after a Red Herring Prospectus for the same has been filed with the Registrar of Companies, Karnataka at Bangalore and must be made solely on the basis of such Red Herring Prospectus. Potential investors should not rely on the DRHP for making any investment decision.
